POLICY
MEMORANDUM

MISSISSIPPI STATE PERSONNEL BOARD

Policy Memorandum No. 2 - FY 2003
Revised August 14, 2003

TO: Elected Officials, Agency Directors and Personnel Officers
    State Service Agencies

FROM: J. K. Stringer, Jr.
    State Personnel Director

DATE: April 25, 2002

SUBJECT: ADMINISTRATION OF THE VARIABLE COMPENSATION PLAN FOR
FISCAL YEAR 2003

A. Statement of Purpose

Administration of the Variable Compensation Plan for Fiscal Year 2003 shall be governed by policies and procedures in this memorandum. These provisions shall supercede all conflicting policies and procedures for administration of salaries published in the Mississippi State Personnel Board Policy and Procedures Manual, any additional or replacement manuals, and all subsequent changes to the manual, effective close of business June 30, 2002, and shall become an official attachment to the Mississippi SPB Policy and Procedures Manual for Fiscal Year 2003.

The statutory increase or decrease of any salary under the salary setting authority of the State Personnel Board shall comply with the policies below, except where the Legislature may otherwise provide.

The development of the following policies is based upon implementation of legislative intent as expressed in the following language contained in each state service agency's appropriation act:

Funds are provided herein to adjust the Variable Compensation Plan to ensure that all full-time employees receive a pay increase equal to fifty percent (50%) of the realignment component of the Variable Compensation Plan or Six Hundred Dollars ($600.00), whichever is greater, beginning on January 1, 2003.

With the funds herein appropriated, it is the intention of the Legislature that it shall be the agency's responsibility to make certain that funds required to be appropriated
for "Personal Services" for Fiscal Year 2004 do not exceed Fiscal Year 2003 funds appropriated for that purpose, unless programs, positions or pay increases are added to the agency's budget by the Mississippi Legislature. Based on data provided by the Legislative Budget Office, the State Personnel Board shall, on July 1, 2002, publish separate annual projection reports, based on July 1, 2002 data, for the period of July 1, 2002 through December 31, 2002, and January 1, 2003 through June 30, 2003, that project the annual cost to fully fund all appropriated positions in compliance with the provisions of this act. It shall be the responsibility of the agency head to ensure that no single personnel action increases this projected cost and/or the Fiscal Year 2003 appropriation for "Personal Services," as annualized on a semi-annual basis in accordance with the provisions of this act. If, at the end of any calendar month, the State Personnel Board determines that the agency has taken action(s) which would cause the agency to exceed this projected annual cost or the Fiscal Year 2003 "Personal Services" appropriated level, when annualized in compliance with the provisions of this act, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

B. Coverage of these Policies

1. These policies shall govern employee salary increases and position changes for:
   
as. State service employees and positions, and

   b. Employees in job classifications other than those listed above shall receive 50% of the realignment increase approved by the State Personnel Board, provided that no job classification or employee shall receive less than $600, beginning on January 1, 2003, unless otherwise provided by law.

   c. Part-time employees covered in Sections C.1.a and C.1.b above, shall receive the mandated salary increases on a pro-rata basis.

2. In-service COLA

   No funds were appropriated for this component of the Variable Compensation Plan for Fiscal Year 2003.

3. Reallocations

   a. Those reallocations which were appropriated in the agency's appropriations act for Fiscal Year 2003 must be entered by the agency into the "Propose Wage, Salary and Fringe Benefits" segment (PW BR BQ) in SPAHRS by Monday, May 21, 2002.

   For filled positions, agencies must submit an Experience and Training Record (either an original or a copy initialed by the Personnel Director) completed and signed by the incumbent with a screen print of the appropriate "Prepare Budget Request" screen stapled to the front. A Job Content Questionnaire
(JCQ) must also be submitted to determine if the requested classification is appropriate.

b. Those reallocations which were recommended in the Fiscal Year 2003 Budget Request, but not appropriated for Fiscal Year 2003 may be entered into the “Position” segment (PO MP RR) of SPAHRS, at the discretion of the appointing authority, on or after July 1, 2002, in accordance with the following policies:

(1) The on-line notes must identify the position(s) as budgeted but not funded.

(2) A Job Content Questionnaire (JCQ) must be submitted to determine if the requested classification is appropriate.

(3) For filled positions, an Experience and Training Record (either an original or a copy initialed by the Personnel Director) completed and signed by the incumbent must be included, with a print of the appropriate “Reallocation/Reclassification” screen stapled to the front.

c. For positions requiring written and/or proficiency examinations, individuals meeting the experience and training requirements as reflected in the Experience and Training Record submitted will be scheduled for their examinations by the State Personnel Board on an as needed basis. Only those individuals achieving a passing score will be reallocated.

d. For filled positions not requiring written and/or proficiency examinations, only those individuals meeting the minimum qualifications as reflected in the Experience and Training Record submitted will be reallocated.

e. In those cases where individuals do not meet the minimum qualifications or achieve a passing score on their examination (if applicable) for the job classification to which the position is to be reallocated, agencies must resubmit the requested reallocation in their Fiscal Year 2003 Budget Request, if such reallocation is still required.

f. Reallocations not submitted in accordance with these provisions shall be returned without action.
4. Longevity

Longevity awards are authorized where specifically appropriated for Fiscal Year 2003. These awards are one-time, lump sum payments, which shall be effective July 1, 2002.

5. Productivity

No funds were appropriated for this component of the Variable Compensation Plan for Fiscal Year 2003.

6. No Increase to Appropriated Dollars or Projected Annual Cost

On or about July 1, 2002, the State Personnel Board shall publish separate annual projection reports, based on July 1, 2002, data, for the period of July 1, 2002 through December 31, 2002, and for the period January 1, 2003 through June 30, 2003 that project the annual cost to fully fund all appropriated positions in compliance with the provisions of this act.

a. It shall be the responsibility of the agency head to insure that no single personnel action increases this projected annual cost and/or the Fiscal Year 2003 appropriation for "Personal Services" as annualized on a semi-annual basis.

b. At the end of each calender month, the SPB will forward a report to each agency indicating whether the agency is over or under the lower of the projected annual cost or the appropriated dollars.

c. If the SPB determines that the agency has taken action(s) which would cause the agency to exceed this projected annual cost or the Fiscal Year 2003 "Personal Services" appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

d. Further, any agency which exceeds either the appropriated dollars or the projected annual cost shall be reported to the Chairman of the House and Senate Appropriations Committees and the Legislative Budget Office.
e. This language is not intended to stop the escalation of time-limited positions. Escalations shall not be considered to cause an agency to exceed the established limits, and will not be accounted for in the monthly reports relative to this language.

D. Scope of State Personnel Director's Authority

1. Requests for State Personnel Board Action

All requests for State Personnel Board action under the Variable Compensation Plan Policy Memorandum No. 2 - Fiscal Year 2003 shall cite the section of the policy memorandum which authorizes such requests and action by the State Personnel Board. The State Personnel Director shall implement only those salary increases provided for in the appropriation bills for Fiscal Year 2003, which are identified in Section C above, and which are appropriately submitted.

2. Fiscal Year 2003 Promotional Formula

The Fiscal Year 2003 Promotional Formula shall be applied for promotions, as well as promotional transfers, upward reallocations, upward reclassifications, and realignments as directed below. The promotional formula is utilized for the purpose of calculating the promotional max salary. **The actual award up to the max salary is at the discretion of the agency head.** The promotional max salary is the maximum that may be awarded. Unless otherwise permitted by law, no single event, including promotion, reclassification or reallocation, shall exceed the greater of (1) the difference between the starting salary of the current classification and the new classification added to the employee's current salary, or (2) the salary that could be paid to an equally qualified, newly hired employee. The authorized salary for promotion to a vacant position is determined under the following provisions:

a. When the current salary is greater than the old starting salary, the PRO MAX is equal to the difference between the old and the new starting salaries added to the current salary.
EXAMPLE

Current Salary: $18,220.80
Old Start Salary: $12,648.12
New Start Salary: $18,408.60

$18,408.60 - $12,648.12 = $5,760.48
$5,760.48 + $18,220.80 = $23,981.28 PRO MAX

b. When the current salary is less than or equal to the old starting salary, PRO MAX is equal to the start salary of the new position.

c. Where the promotional increase authorized under the promotional formula is less than the salary which could be authorized for a new hire (ten percent above start), Promotional Flex may be awarded under the same criteria set forth under the provisions for "New Hire Flexibility", Section D.5.b.

d. In no case will the promotional maximum (PRO MAX) exceed the end salary of the classification to which promoted.

e. For realignments, maximum eligibility shall be the difference between the old and new starting salaries.

3. Limitations on Non-Budgeted Reallocations and Realignment

All requests for reallocation and realignment must be justified and submitted by the requesting agency as outlined in the Mississippi SPB Policy and Procedures Manual for approval by the State Personnel Board or the State Personnel Director.

Agencies with misclassified positions may include requests for reallocation in their Fiscal Year 2003 Budget Request. However, each agency head shall have the opportunity to document the need for a non-budgeted reallocation by demonstrating that a bona fide staffing need exists that cannot be adequately addressed through normal budget procedures. The State Personnel Board will consider reallocations outside the legislative process only upon certification by the agency director that adequate funds are available.
a. Non-Budgeted Upward Reallocations

The State Personnel Director shall evaluate the requested classification and make recommendations to the State Personnel Board as to the action to be taken on the request. The State Personnel Director may approve a request for the upward reallocation of a position which is vacant or has: a starting salary of $30,000 or less; or a starting salary differential between the two classes of twenty percent (20%) or less and the new starting salary is $44,000 or less. However, the State Personnel Director shall make recommendations to the State Personnel Board as to the action to be taken on a request for the upward reallocation of a filled position when the starting salary differential is more than twenty percent (20%) or the new start salary is greater than $44,000.

Requests for non-budgeted reallocations for Information Technology classifications shall also be considered on a case by case basis by the State Personnel Board with recommendation by the Information Technology Professional Development Committee (ITPDC). See Policy Memorandum No. 5, Administrative Policies and Procedures for the Special Compensation Plan for Information Technology Classifications for Fiscal Year 2003.

(1) Reallocations which require State Personnel Director approval should be accompanied by detailed on-line justification. The agency should also submit to SPB staff, the appropriate Job Content Questionnaire(s) and organizational chart(s), with a screen print of the “Reallocation/Reclassification” attached.

(2) Reallocations which require State Personnel Board approval must include those items listed in subsection (1) above, as well as a detailed letter of justification signed by the agency head or his/her designee.

(3) If an employee who has received an upward reallocation returns to his/her previous classification within twenty-four (24) months, the employee shall return to his/her salary before the reallocation, except as may be adjusted by legislative increases.

b. Lateral Reallocations

(1) The authorized salary for the lateral reallocation of a filled position is no more than the current salary before the reallocation. However,
where the salary authorized for the lateral reallocation is less than the salary which could be authorized for a new hire (ten percent above start), salary flexibility may be awarded under the same criteria set forth under the provisions for "New Hire Flexibility", Section D.5.b.

(2) If an employee who has received a lateral reallocation returns to his/her previous classification within twenty-four (24) months, the employee shall return to his/her salary before the reallocation, except as may be adjusted by legislative increases.

c. Downward Reallocations

All downward reallocations must be justified and submitted by the requesting agency in accordance with State Personnel Board policies and procedures. The salary authorized for the downward reallocation of a filled position is determined by the following method:

(1) The authorized salary for any downward reallocation shall be no greater than the difference between the old and the new starting salaries, subtracted from the current salary. However, at agency head discretion, the authorized salary may be reduced to a lower salary within the new job class pay range to ensure equitable compensation with other employees in the same classification. A written acknowledgment signed by the affected employee shall accompany all downward reallocations.

EXAMPLE

Current Salary: $18,408.60
Old Start Salary: $18,220.80
New Start Salary: $12,648.12

$18,220.80 - $12,648.12 = $ 5,572.68
$18,408.60 - $ 5,572.68 = $12,835.92 MAX

(2) In extraordinary circumstances, the agency may request the State Personnel Director to allow the employee to remain at his/her current salary as long as the current salary does not exceed the end salary of the new classification.
(3) Where the salary authorized for the downward reallocation is less than the salary which could be authorized for a new hire (ten percent above start), salary flexibility may be awarded under the same criteria set forth under the provisions for "New Hire Flexibility", Section D.5.b.

(4) If an employee who has received a downward reallocation returns to his/her previous classification within twenty-four (24) months, the employee shall return to his/her salary before the reallocation, except as may be adjusted by legislative increases.

d. Non-Appropriated Realignment

Except as provided for in Section C.1. above, the State Personnel Board in its sole and absolute discretion on a case by case basis, may approve realignments only if a bona fide and verifiable staffing crisis has arisen due to a substantial increase in salaries in the relevant labor market for the subject job class. In such instances, the agency must provide salary survey data compiled from an acceptable relevant labor market and must justify that delayed implementation of the regular realignment would seriously threaten critical agency services.

Generally, only those job classifications which are specific to the requesting agency will be considered for non-appropriated realignment. However, realignment of generic classes will be considered in the case of extraordinary circumstances, such as court-ordered or legislatively mandated realignment occurring outside the normal budget cycle.

4. Reclassifications

In certain limited circumstances, agency heads may be granted authority by the State Personnel Board to reclassify positions within a class series. Once reclassification authority is approved by the State Personnel Board, reclassification actions may be implemented at the discretion of the agency head. This authority shall expire at the end of each fiscal year unless continuation is adequately justified. Each year on a date prior to fiscal year conversion, the State Personnel Board allows each agency to submit requests for changes to, or continuation of, their authorized schedule of reclassifications. Only reclassifications of classes which are on an agency's authorized reclassification list shall be implemented. Reclassification of an employee from Correctional Officer Trainee to Correctional Officer I after six
months training or from Academic Teacher I to Academic Teacher II with acquisition of AA certification illustrates this type of authorization.

5. Original Appointments

a. Standard New Hire Salary

The authorized salary for a new hire after June 30, 2002, is at or below the starting salary assigned the class in which employed. At the agency head’s discretion, a request to increase an employee’s salary to the starting salary may be submitted at any time. At no time will a new employee be hired below the federally mandated minimum wage of $5.15 per hour.

b. New Hire Flexibility

New Hire Flexibility may be awarded when the education, experience, or professional certification possessed by the applicant exceeds the minimum requirements for the job classification to which appointed.

Agency heads may request to the State Personnel Director on a case by case basis the award of New Hire Flexibility. The justification that accompanies each individual request to apply New Hire Flexibility should specifically address why it is of greater value for the agency to employ persons with experience, education, or professional certification which exceeds the minimum qualifications of the job classification, along with a synopsis of the extraordinary qualifications of the candidate in relation to the minimum qualifications of the classification. Agencies should also include their methodology for determining the award of New Hire Flexibility.

When awarding New Hire Flexibility, a review of employees in the same agency and job classification should be made to determine that there will be no salary inequity between individuals who possess the same qualifications. Should the flexibility cause a salary inequity, the agency may request consideration from the State Personnel Director to award similar flexibility to affected employees.

New Hire Flexibility shall be computed and awarded using the methodology outlined below or the methodology submitted by the agency, not to exceed the maximums outlined in the criteria below:
(1) Additional directly related experience of at least one year is valued up to a maximum of five percent (5%); and/or

Additional directly related education of at least one year is valued up to a maximum of five percent (5%); and/or

Professional certification directly related, but in excess of any certification required in the minimum requirements of the job classification, is valued up to a maximum of five percent (5%).

(2) The total cumulative New Hire Flexibility award for any combination of experience, education, or certification shall not exceed ten percent (10%).

(3) A SPAHRS screen print of the New Hire Flexibility request attached to an Experience and Training Record must be forwarded to the State Personnel Board.

(4) Employees who change job classifications may be awarded promotional flexibility.

(5) New Hire Flexibility awards will not be approved in conjunction with job classifications authorized for Recruitment Flexibility.

(6) In extraordinary circumstances, the agency may request the State Personnel Director to allow more than the maximum of five percent (5%) for additional directly related experience or more than the maximum of five percent (5%) for additional related education. However, under no circumstances shall the total cumulative New Hire Flexibility award for any combination of experience, education, or certification exceed ten percent (10%).

c. Agency Head Flexibility

Agency Head Flexibility may be awarded to individuals who report directly to the agency head or a key excluded official or advocate substantive agency policy. Requests for Agency Head Flexibility must meet the following criteria:
(1) An employee must be classified in the non-state service under Section 25-9-107(c)(xvi), *Mississippi Code of 1972, Annotated*.

(2) Agency Head Flexibility increases shall not exceed 25% above the starting salary of the classification.

(3) If an individual who has received Agency Head Flexibility leaves the Exclude Code 16 position, his/her salary shall be calculated by determining what the salary would have been had he/she not received Agency Head Flexibility.

(4) Requests for Agency Head Flexibility increases shall be accompanied by the following documentation:

(a) Online description of the amount awarded;

(b) A signed statement from the employee acknowledging the non-state service status, the amount of salary increase and the subsequent salary withdrawal upon removal from non-state service status. (See Attached Form X16-0700.)

**d. Recruitment Flexibility**

(1) All requests to recruit applicants at a salary exceeding the assigned starting salary are to be submitted for State Personnel Board approval prior to a job offer or appointment of an applicant. Such a request shall be accompanied by a letter of justification from the agency head describing documented recruitment difficulties experienced by the agency.

The recruitment difficulties recognized by the Board include, but are not limited to:

(a) Documented recruitment difficulties for a job class which may be attributed to the established minimum or special qualifications of a job; and/or

(b) Insufficient labor market availability of qualified applicants and/or availability of a limited applicant pool complicated by
a salary range for the job which is not competitive with the relevant labor market.

Misclassification of a position shall not be used as the basis for a recruitment flexibility request.

(2) Requests for recruitment flexibility approved by the State Personnel Board for an entire classification or for a specific position shall be valid for a period of twelve (12) months from the effective date of approval. If the agency is unable to fill the position within the twelve (12) month period, the State Personnel Director may authorize an extension of the recruitment flexibility for an additional twelve (12) months.

Should the agency fill the position within the initial twelve (12) months approved by the State Personnel Board and should the incumbent subsequently leave the position, the State Personnel Director may authorize the Recruitment Flexibility for a period of twenty-four (24) months from the original effective date approved by the State Personnel Board.

(3) If within twelve (12) months from the date of hire, the incumbent of a position which has been authorized for recruitment flexibility transfers to a position which has not been authorized for recruitment flexibility, the salary at transfer shall be established by calculating what the incumbent’s salary would have been had the position from which he/she transferred not been authorized for recruitment flexibility.

(4) At the time of hire, the agency shall submit a written acknowledgment signed by the affected employee certifying that he/she has been notified of and fully understands the recruitment flexibility policies and salary calculations.

6. Appointment of New Hires from Agencies or Classifications Not Under the Purview of the State Personnel Board

The authorized salary for an individual hired from a State agency or classification not under the purview of the State Personnel Board into an agency/classification under the purview of the State Personnel Board shall be
determined with consideration given to the applicant’s related education, experience and length of service in State government. On a case-by-case basis, agency heads may request the State Personnel Director to allow an applicant to be appointed at a salary beyond the limits of New Hire Flexibility, as stated in Section D.5.b., above. The hiring agency must give consideration to other employees in the classification, and place the new hire at a point in the pay range comparable to other employees with similar education, experience and length of service.

7. Appointment of Executive Directors

a. Initial Salary

The appointing authority responsible for appointing each Executive Director shall have the flexibility at the time of hire to establish the salary of the appointed official at a point within the current pay range which is deemed justified by the appointing authority based upon factors directly related to job performance such as previous work experience and educational attainment. The following documentation shall be submitted at the time of the appointment:

(1) A letter of appointment, signed by the Governor or the chairperson of the appointing board or commission;

(2) An Experience and Training Record completed by the employee (Reference Mississippi State Personnel Board Policy and Procedures Manual, Section 4.14.F); and

(3) A copy of the official minutes wherein the employment decision was reached.

b. Subsequent Salary Increases

Upon approval of the State Personnel Director, appointing authorities may increase the salary of an Executive Director at any time after appointment not to exceed the end salary of the position to which appointed. The following documentation shall be submitted at the time of request:

(1) A screen print of the appropriate “Change Compensation” screen in SPAHRS; and
(2) A copy of the official minutes wherein the increase was requested.

c. Executive Salaries Set in Statute

If an Executive Director whose salary is set by statute is transferred or reallocated to an Executive Director position not set in statute, the salary of that individual may be established under the provisions of Section D.7 above.

8. Special Compensation Plans

Authorization to implement special compensation plans during Fiscal Year 2003 shall be limited. Only special compensation plans reviewed prior to the start of Fiscal Year 2003 and approved by the State Personnel Board for implementation or continuation during the fiscal year shall be certified.

9. Additional Compensation

Certification of additional compensation shall be limited to those forms of additional compensation previously approved by the State Personnel Board with the exception of call-back/overtime pay and any other form of compensation that may be subject to the Fair Labor Standards Act during Fiscal Year 2003. The State Personnel Board shall consider other requests for additional compensation where the request is justified by demonstrating that delayed implementation would seriously impair critical agency operations. The State Personnel Board shall not consider new requests to undertake additional compensation not currently authorized except as a bona fide staffing need or as a part of the Fiscal Year 2003 budget request.

10. Educational Benchmarks

The State Personnel Director is authorized to certify requests to award Educational Benchmark increases on a case by case basis. To be eligible for an Educational Benchmark salary increase, an employee must complete requirements which exceed the level of minimum qualifications for education, licensure, or certification listed for the employee's present job class which the employee possessed at the time of appointment into his or her present job class. Generally, seminar courses and achievement recognition certificates do not qualify under this section.
a. General Policies

(1) Requests for Educational Benchmark awards are made at the discretion of the agency head and are restricted to two (2) years from the date the incumbent acquired certification, completed degree requirements, or attained licensure.

(2) No Educational Benchmark shall be awarded for degrees, licensure, certification or registration which the incumbent possessed at the time of hire.

(3) If the employee being awarded an Educational Benchmark is currently at end salary of his or her classification, or should the benchmark cause an employee's salary to exceed end salary, that portion of the benchmark exceeding end salary shall be paid as a one-time lump-sum payment.

(4) Any new hire flexibility, recruitment flexibility, or other discretionary compensation awarded for or in anticipation of future educational achievement, licensure, or certification shall not result in a subsequent award of an Educational Benchmark for the same achievement.

(5) Educational Benchmarks shall not be awarded for degrees, licensure, certifications or registrations which are required by law for performance of job duties.

b. Degrees

Increases in increments of up to five percent (5%) may be awarded to employees obtaining the following degrees: Associate's, Bachelor's (in no case shall the cumulative award for the achievement of an Associate's Degree and a Bachelor's Degree exceed five percent (5%)), Master's, Specialist and Doctoral.

c. Licensure/Certification/Registration

Increases of up to five percent (5%) may be awarded to employees acquiring licensure, certification, or registration directly related to their jobs.
Although an employee may be eligible to receive more than one (1) licensure, registration or certification in a twenty-four (24) month period, in no case shall an employee receive more than a five percent (5%) increase in any twenty-four (24) month period. However, in extraordinary circumstances, agencies may award more than five percent (5%) within a twenty-four (24) month period, upon approval of the State Personnel Director. Requests of this nature must fully justify in writing why it is of greater value to the agency for the employee to obtain the licensure, certification or registration.

The program of licensure, certification or registration must require a test. A test is defined as any pass/fail measure of applied knowledge.

d. Basic Supervisory Course (BSC) and Certified Public Manager (CPM) Program Administrative Support Certification Program

In addition to benchmarks for educational degrees and for one (1) licensure/certification/registration, employees may receive an Educational Benchmark for the Administrative Support Certification Program, the Basic Supervisory Course and certification in the Certified Public Manager (CPM) program. The following scale indicates the maximum that may be awarded for achievements in these programs:

1% increase = Administrative Support Certification Program
1% increase = Basic Supervisory Course (BSC)
2% increase = Certificate in Supervisory Management (CSM)
3% increase = Completion of Certified Public Manager (CPM) Program

Note: An employee who has completed the CSM and/or the CPM will not be eligible for a 1% increase for subsequently completing the BSC.

e. Educational Benchmarks for Executive Directors

In accordance with Section 25-3-34, Mississippi Code of 1972, Annotated, as amended, in addition to the salary provided in Section 25-3-33, any appointive state and district official and employee provided therein shall receive the award of an educational benchmark as defined in State Personnel Board rules for the possession or attainment of any of the following:

(1) The Certified Public Manager designation;
(2) A job-related PhD (Doctor of Philosophy) degree which is not required as a minimum qualification of the position;

(3) A job related certification, licensure, or registration requiring the passage of an examination, which is not required as a minimum qualification of the position.

(4) No such official or employee may receive more than a total of three (3) eligible benchmarks, only one of which may be for a job related certification, licensure or registration.

11. Transfers

a. Promotional Transfers

(1) The authorized salary for a promotional transfer is determined under provisions governing the Fiscal Year 2003 Promotional Formula, Section D.2.

(2) Unless otherwise permitted by law, no single event, including promotion, reclassification or reallocation, shall exceed the greater of (1) the difference between the starting salary of the current classification and the new classification added to the employee’s current salary, or (2) the salary that could be paid to an equally qualified, newly hired employee.

(3) Requests for promotions for classifications included in the Information Technology Special Compensation Plan shall be considered on a case by case basis by the appointing authority with recommendation by the ITPDC.

(4) If an employee who has been demoted from a higher job class to a lower job class returns to his/her previous classification within twenty-four (24) months, the employee shall return to his/her salary before the transfer, except as may be adjusted by legislative increases.

b. Lateral Transfers

(1) The authorized salary for a lateral transfer is no more than the current salary before the transfer. However, where the salary authorized for
the lateral transfer is less than the salary which could be authorized for a new hire (ten percent above start), salary flexibility may be awarded under the same criteria set forth under the provisions for "New Hire Flexibility", Section D.5.b.

(2) If an employee who has been laterally transferred returns to his/her previous classification within twenty-four (24) months, the employee shall return to his/her salary before the transfer, except as may be adjusted by legislative increases.

c. Demotional Transfers

The authorized salary for any demotional transfer shall be no greater than the difference between the old and the new starting salaries, subtracted from the current salary. However, at agency head discretion, the authorized salary may be reduced to a lower salary within the new job class pay range to ensure equitable compensation with other employees in the same classification.

**EXAMPLE**

<thead>
<tr>
<th>Current Salary:</th>
<th>$18,408.60</th>
</tr>
</thead>
<tbody>
<tr>
<td>Old Start Salary:</td>
<td>$18,220.80</td>
</tr>
<tr>
<td>New Start Salary:</td>
<td>$12,648.12</td>
</tr>
</tbody>
</table>

\[
\begin{align*}
$18,220.80 - $12,648.12 &= $5,572.68 \\
$18,408.60 - $5,572.68 &= $12,835.92 \text{ MAX}
\end{align*}
\]

(1) A written agreement signed by the affected employee shall accompany voluntary demotions.

(2) A written acknowledgment signed by the affected employee, or a statement from the appointing authority or his/her designee certifying that the employee has been notified of the demotion, shall accompany involuntary demotions.

(3) If an employee who has been promoted returns to his/her previous classification within twenty-four (24) months, the employee shall return to his/her salary before the promotion, except as may be adjusted by legislative increases.
(4) In extraordinary circumstances, the agency may request the State Personnel Director to allow the employee to remain at his/her current salary, as long as the current salary does not exceed the end salary of the new classification.

(5) Where the salary authorized for the demotional transfer is less than the salary which could be authorized for a new hire (ten percent above start), salary flexibility may be awarded under the same criteria set forth under the provisions for "New Hire Flexibility", Section D.5.b.

12. Salary Increases Which Exceed the Agency Head

In accordance with Section 25-3-39, Mississippi Code of 1972, Annotated, as amended:

a. No public officer, public employee, administrator or executive head of any arm or agency of the state, in the executive branch of government, shall be paid a salary or compensation, directly or indirectly, in excess of the salary fixed in section 25-3-31 Mississippi Code of 1972, Annotated, as amended for the Governor. All academic officials, members of the teaching staffs and employees of the state institutions of higher learning, the State Board for Community and Junior Colleges, and community and junior colleges, and licensed physicians who are public employees, shall be exempt from this subsection. In addition, the Executive Director of the Mississippi Development Authority and the Chief of Staff of the Governor's Office shall be exempt from this subsection. The Governor shall fix the annual salary of the Executive Director of the Mississippi Development Authority and the annual salary of the Chief of Staff of the Governor's Office, which salaries shall be completely paid by the state and may not be supplemented with any funds from any source, including federal or private funds. Provided, however, that the salary of the Executive Director of the Mississippi Development Authority and the Governor's Chief of Staff shall not be greater than fifty percent (50%) in excess of the salary of the Governor.

b. No public officer, employee or administrator shall be paid a salary or compensation, directly or indirectly, in excess of the salary of the executive head of the state agency or department in which he/she is employed. Provided, however, the State Personnel Board may, based upon its findings of fact, exempt physicians and actuaries from this subsection when the
acquisition of such professional services is precluded based on the prevailing wage in the relevant labor market.

Compensation, for purposes of this section, is defined as the employee's base salary and any additional or special compensation, less paid fringe, authorized by state or federal law or as otherwise provided in State Personnel Board policy. Further, agencies are required to ensure that all employees subject to the overtime provisions of the Fair Labor Standards Act of 1938, as amended, are not scheduled to work hours that could cause the employee's total annual compensation to exceed that of the governor or the agency director.

In reference to the language contained in Section 12.b above, the State Personnel Board has determined that the salaries of physicians and actuaries are exempt from Section 25-3-39, Mississippi Code of 1972, Annotated, as amended.

13. Reappointments for Employees Returning From an Authorized Leave of Absence Without Pay

The authorized salary for an individual returning from an authorized leave of absence to the same job class from which the individual was separated, and within twelve (12) months of separation, is no more than the current salary at the time of the separation, except as may be adjusted by any salary increase authorized by the Legislature and/or through non-appropriated realignment.

14. Reemployment for Employees Returning to State Service After Separation in Good Standing

a. The authorized salary for an individual returning to state service employment within the same job class from which the individual was separated is no more than the current salary at the time of the separation, except as adjusted by any job class realignment.

b. The authorized salary for an individual returning to state service employment but to another job classification is determined under provisions for "Original Appointments," Section D.5., without regard to the initial reasons for separation.
E. Performance Appraisal Review (PAR) Requirements

1. Each agency shall have the Performance Appraisal Review (PAR) system in place. All state service employees, and non-state service employees whose positions fall under the purview of the State Personnel Board's salary setting authority [Refer to Section B.1.b herein] shall be covered under the Performance Appraisal Review (PAR) policies certified by the State Personnel Board.

2. The Performance Appraisal Review system shall be incorporated in all aspects of personnel administration and shall be maintained for each employee on a continuous basis throughout each year. A current PAR rating shall be on file and be provided with, or submitted prior to, requests for processing personnel actions.
