Applicant FAQs

1. I don’t remember my username or password?

At the Mississippi State Personnel Board applicant site, there is a “MSPB Career Center” box on the right side of the screen. Clicking on the “Applicant Login” link will take the user to the Login screen, which contains both the Job Seekers Login but also a link titled “I Forgot My Username and/or Password”, which can assist users in retrieving either their Username and/or Password. To retrieve your Username, you will need to enter and have access to the email address which you used when signing up for a user account. To retrieve your password, you will be required to enter your Username.
2. How do I modify my Personal Profile information, such as my email address, phone number or account password?

6. I do not have an email address, what can I do?

An e-mail address is required to create an online profile to apply for positions. Each applicant must have their own, unique email address. There are many Web sites such

7. How do I obtain a copy of my online application or the job posting after it has expired?

   - You can print a copy of your application at the end of the application process or you may print your application through the “Application Status” link of your online profile.
